

ABSINTHE

Infusion Instructions

- 1 Purchase a bottle of Everclear or similar.**
These instructions are intended for base spirits of 190 proof.
- 2 Combine 2 cups (16 oz) of the spirit & 1/4 cup (2 oz) of water in a clean, re-sealable jar.**
If using 150 proof Everclear, replace water with 2 oz of base spirit.
- 3 Add Bootleg's Absinthe base infusion spices (vial #1) and shake, shake, shake. Let these botanicals brew for 8-10 hours.**
- 4 Add the tea bag of Grand Wormwood from vial #2 & shake vigorously.**
Wormwood infuses very quickly. Hourly tasting will help prevent the infusion from becoming bitter. Remove the tea bag after 2-3 hours.

Have fun experimenting and adapting these instructions to match your tastes.

The brew times listed are merely a suggestion.
Feel free to adjust the time to your liking.

Share your experiments with other mixologists:

- 5 Let the base spices continue to brew for 10-12 hours then add the colorant spices from vial #2. Brew for 5 hours or until the desired flavor and color is accomplished.**

Don't be alarmed if your infusion appears brown before the addition of this step. The remaining ingredients from vial #2 are the key to creating the final green hue.

ABSINTHE

Infusion Instructions

6 When you are satisfied with the flavor & color, filter your infusion into a clean DRY, dark colored bottle using a coffee filter and funnel.

It is very important that all bottling utensils be completely dry before filtering your final infusion. Any water will cause your Absinthe to louche (turn cloudy).
